2019 CUMMINGS & LOCKWOOD ANNUAL UPDATE

December 30, 2019

To Our Clients and Friends:

This year marked Cummings & Lockwood's 110th anniversary. Our founders, Homer Cummings and Charles Lockwood, opened the firm over a century ago in Stamford, Connecticut. Since then, we have grown to over 200 lawyers, fiduciary accountants, paralegals and staff, with six locations in Connecticut and Florida.

Throughout our history, we have committed our collective judgment and expertise to one simple objective: our client's best interests. Thankfully, we have become known as one of the country's premier law firms devoted to private clients and their businesses.

We are fortunate to have one of the largest and most well-respected trusts and estates practices in the United States, along with various elite commercial practices in the areas of corporate representation, banking and lending, litigation and commercial real estate.

Our lawyers are highly regarded in their respective fields. Many are nationally recognized for their legal skills, judgment and professional ethics by numerous professional rating organizations, leading peer-based associations, and the judiciary.

We are not, nor do we have ambitions to be, the largest law firm measured by total lawyers or offices. Our goal is to be the pre-eminent firm for private clients, institutions and related businesses on their most important legal matters, most significant business transactions, and most crucial disputes.

We are pleased to share with you Cummings & Lockwood's 2019 Annual Firm Update. It highlights some of the work we have performed over the past twelve months, various professional recognitions we have received, and a number of charitable and pro bono initiatives we have been privileged to support.

Our Partners recognize these results would not be possible without our valued clients. We thank you for your trust and support.

With best wishes for a healthy and prosperous New Year.

Sincerely,

Jonathan B. Mills

Chairman & Managing Director

The U.S. News – Best Lawyers® “Best Law Firms” rankings are based on a rigorous evaluation process that includes the collection of client and lawyer evaluations, peer review from leading attorneys in the field, and review of additional information provided by law firms as part of the formal submission process. To be eligible for a 2020 ranking, a law firm must have at least one lawyer recognized in the 25th Edition of The Best Lawyers in America list for that particular location and specialty.

In addition, for the fourth year in a row, the Firm has been ranked in Tier 1 in Private Wealth Law by Chambers & Partners in their 2019 *Chambers High Net Worth Guide*. The Guide, which is based on objective and independent research, recognizes the world’s leading high net worth advisers. Seven of the Firm’s trusts and estates partners were also recognized by *Chambers* as notable practitioners, including Douglas Olin, Heather Rhoades, Howard Tuthill, Kelley Galica Peck, Laura Beck, Michael Kaelin and Paul Bourdeau.

According to Chambers, “Cummings & Lockwood is ‘known as the pre-eminent trust and estate law firm’ “and is considered to be one of the very best in Connecticut.” “The practice group draws particular attention for the quality of its attorneys. ‘Everyone there is an expert,’ remarks a source. ‘They’re just such a great roster of lawyers.

They’re principled people who work hard for their clients,’ says an interviewee. A satisfied client holds the team to be ‘best in class technically,’ such that they ‘stand out in the market.’”

PUBLIC SERVICE

Cummings & Lockwood has a long-standing tradition of civic and community service. Our lawyers and staff are committed to furthering the public good with their time, their skills and their financial support. We believe these endeavors not only contribute to the communities in which we work, but broaden the experience and judgment of our partners, associates and employees.

The Cummings & Lockwood Foundation was established to promote charitable and public service initiatives in our communities. It is funded annually by Cummings & Lockwood’s Partners, and provides grants and donations to organizations in Connecticut, Florida and other states, as appropriate.

Among the organizations receiving our support in 2019 were the following:

- **Connecticut Legal Services** -- Connecticut Legal Services is Connecticut's largest nonprofit law firm dedicated to improving the lives of low-income people by providing access to justice. They believe that Connecticut can be the first state with universal access to justice - a place where every person is treated fairly and has equal opportunities to thrive.
- **Child Guidance Center of Southern Connecticut** -- Incorporated in 1954, the Child Guidance Center is a non-profit mental health resource for area children and families with a staff of psychiatrists, psychologists, social workers and clinicians. The Center is dedicated to improving the mental and behavioral health of children and teens through treatment, education, and community support.
- **Boys and Girls Clubs of Collier County** -- The organization's mission is to enable all young people, especially those with the greatest needs, to reach their full potential as productive, caring, responsible citizens. They serve over 3,000 children and teens, ages 6 to 18, in their clubs and afterschool programs. They are dedicated to promoting the education, vocational and health leadership and character of boys and girls in a safe environment. The Club offers award-winning programs to help youth build self-esteem and values.
- **Domestic Violence Crisis Center** -- DVCC's mission is to provide effective services, support and education for the prevention and elimination of domestic violence across Connecticut and beyond. They provide legal advocacy, counseling services, economic sustainability assistance (employment, education, housing), emergency safe houses, and preventive education for children in pre-kindergarten to the twelfth grade.

CUMMINGS & LOCKWOOD LLC

- **Greenwich United Way** -- The Greenwich United Way has been a trusted partner of the Greenwich, Connecticut community, government and local organizations since 1933. They have focused on community solutions in the areas of education, financial stability and health for over 85 years. The organization invests in over 20 community initiatives, and have raised over \$20 million for their partner's programs over the last decade.
- **Junior Achievement of Southwest Florida** -- Junior Achievement's purpose is to inspire and prepare young people to succeed in a global economy. Their programs help prepare young people for the real world by showing them how to generate wealth and effectively manage it, how to create jobs which make their communities more robust, and how to apply entrepreneurial thinking to the workplace. Students put these lessons into action and learn the value of contributing to their communities.
- **League of Women Voters of Connecticut** -- The League is a nonpartisan which neither supports or opposes candidates or political parties at any level of government, but always works on vital issues of concern to members and the public. The League encourages informed and active participation in government, works to increase understanding of major public policy issues, and influences public policy through education and advocacy.

The Foundation also works in coordination with Cummings & Lockwood's Pro Bono Program, which over the years has involved thousands of hours of our lawyers' time donated to numerous causes. Highlights of our pro bono work in 2019 include the following:

- **Survive Cancer, Inc.** – We provided pro bono legal services to Survive Cancer, Inc., a local organization whose mission is to promote health and assist with the education, facilitation and navigation of cancer recovery from diagnosis through survivorship. We assisted with the organization's incorporation under Connecticut law and the preparation and filing of the organization's application for federal recognition of its 501(c)(3) tax-exempt status. Survive Cancer, Inc. assists patients in finding the best information to understand their disease and treatment options, enhance their search for the newest medical treatments that science can offer, and provides information regarding cancer treatments and management to patients and their support groups.

- **Salvation Army** – We handled a pro bono matter in connection with the protection and preservation of a bequest to the Salvation Army under a decedents will in a contested probate matter. The Salvation Army is an integral part of the Christian Church, although distinctive in government and practice. The Army's doctrine follows the mainstream of Christian belief and its articles of faith emphasize God's saving purposes. Its objects are 'the advancement of the Christian religion... of education, the relief of poverty, and other charitable objects beneficial to society or the community of mankind as a whole.'
- **The Naples Players Inc.** – We provided pro bono legal counsel to The Naples Players, whose mission is to enrich, educate and entertain the Naples, Florida, community through a superior theatre experience.

Jones, 331 Conn. 385(2019).
