

DRAFTING WILLS IN CONNECTICUT, 2019-2020 ED.

Authors: Laura Weintraub Beck, Douglas H. Olin, and Ralph H. Folsom

- Drafting Wills in Connecticut, 2019-2020 ed. (Connecticut Estates Practice Series), Lawyers Cooperative Publishing, Thomson Reuters

Description: Contains the forms and annotations necessary to complete a will in the state of Connecticut. Drafting legal documents has often been described as part science and part art.

Certainly the preparation of Wills has as much or more to do with capturing and accomplishing the client's intent as it has to do with arcane principles of common law or tax compliance. While the forms and annotations in this volume have been carefully prepared, there can be no substitute for adequate knowledge of the client's personal and financial affairs.
