

WOMEN WHO INSPIRE AWARDS

November 14, 2022

Cummings & Lockwood was named this year's corporate honoree of the YWCA Greenwich's *Women Who Inspire Awards* in recognition of the firm's "outstanding leadership in developing a strong culture and practices that support gender equity and women's empowerment."

Laura Beck, Chairman and Managing Director of Cummings & Lockwood, accepted the award on the firm's behalf at an event at the Greenwich Country Club on November 10, 2022. "C&L has long been supportive of women, and all of us here today who enjoy this culture and environment are indebted to the leaders of the past – mostly men - who had the vision to be ahead of the times on this important issue", noted Laura. "I am so grateful and proud to work in a firm that has this history and dedication."

YWCA Greenwich's *Women Who Inspire Awards* was established to recognize and celebrate outstanding women who have excelled in philanthropic, professional and volunteer pursuits. Importantly, these honorees have enriched the lives of many in our community. This event combines the best of the YWCA Greenwich BRAVA and Spirit of Greenwich Awards and acknowledges the changes in society that have led to the fluidity of work/life pursuits for women of today.
